

Dongguan Wellsource Water Treatment Co.Ltd

Brine Tank Brine Valve

1. FRP tanks + Brine tanks + Multi-port valve + Resin system specification= assembled to soften system.
2. We specialize in designing a wide gamut of water softeners that helps in the softening of hard water by removing divalent cations from water that can be of calcium or magnesium.
3. It is important for softening hard water because it creates scale in various equipments such as boilers, pipelines and engine jackets.
4. These plants are widely used at the commercial level for harmless usage of water.

No	Product Name	Model	Material
1	Brine Tank	RY-25L	PE
2	Brine Tank	RY-60L	PE
3	Brine Tank	RY-85L	PE
4	Brine Tank	RY-120L	PE
5	Brine Tank	RY-130L	PE
6	Brine Valve	RY-1600	PVC
7	Brine Valve	RY-1700	PVC
8	Brine Valve	RY-434	PVC
9	Brine Valve	RY-454	PVC
